

Vaishnavi P Deshmukh

Software Developer

About Me

Aspiring Python developer with a MCA degree and proven problem-solving and troubleshooting skills. I am ambitious and passionate about learning. I am currently acquiring knowledge about Data Science and seeking an entry-level programmer or coder position to continue expanding my knowledge of different languages and frameworks like PL/SQL, Python, Django, etc. As I know myself, I am down to earth person. Moving towards my long-term goals I want to become a excellent SQL developer.

Experience

I have worked as a Graduate Trainee in Cognizant from February 15, 2022, to October 14, 2022. There was my designation is Service Desk. I was to handling clients on chats and calls. It was a technical Support. Where I was solving technical issues of clients on chats and calls, clients were mostly Cognizant employees.

Internships

I have worked with GKTCS Innovations as an intern. In GKTCS I was working on Django project. I deep and dive in Django. During that internship I enhanced my skills like how Django use in web development etc.

Education

MCA

- (2019-2022)

- BAMU University

Project Details

Kisan Basket

I developed a Website named “Kisan Basket” for farmers. I have developed a Website named “Kisan Basket” for farmers. Kisan Basket is a user-friendly website. On Kisan Basket several videos for farmers. Which helps farmers to grow their crops. Traders can publish their blogs as per their requirements. Farmers can see these blogs and contact traders directly. Traders can visit farmer's farms. As well as farmers can post pictures and videos of their crops on Kisan Basket. Kisan Basket's motto is to create an online marketplace for farmers.

Performance of the Indian Women Players in Olympics

This website represents Women's players. Who plays a Vital role in the Olympic games. The purpose of designing this website is to make everyone aware of Indian Women players and their contributions. This website designed in HTML & CSS.
